The advertisement features a vibrant, watercolor-style illustration. At the top, a white rabbit is shown in profile. Below it, a red dragon with a long, curved neck is depicted. In the center, Alice, with her characteristic blonde hair and blue dress, is sitting on a large, open book. The background is a mix of green and blue washes, with a few small green butterflies. The bottom of the image is a dark red, textured area that looks like a pile of leaves or a cave entrance.

IT'S A

JOKE!

QUIT SCHOOL, BECOME A COMEDIAN

How did you get into comedy and acting? A friend of mine told me about a comedy class she was going to take, I had always been interested in doing stand up. I actually was told by a teacher in middle school to quit school and become a comedian! So I took this class and it just came naturally, I got hooked.

When and where was your most memorable stand up performance? I'd say some of my favorite performances were at this show called the rebels of comedy usually in north Hollywood.

What venues have you done stand up? The comedy store, Formosa Cafe, Joe's Comedy Hole, and the Federal.

COMIC RELIEF

I recently met Nikki at AVN and noticed right away she was a shining star. She was vibrant, classy and very humble! She is definitely in my top 3 dopest models I have ever met which is hard to find these days. I had a chance to stop by one of Nikki's comedy performances at the Sycamoretavern in Hollywood, CA. Being new to Los Angeles I was honored she invited me for a few laughs.

When I got to the venue I noticed that for a week night there was a good crowd with a great lineup of performances. The first few comedians were mediocre if not, they were just outright boring. How can you not make a stoner laugh? When they announced Nikki I think I was excited to see the comical magic I have been waiting for! Let me tell you! Her act was raw, real and heartfelt! Not only did she get the crowds attention with her great delivery and catchy jokes about the porn biz, they loved her performance and so did I!

This young Cuban, Italian, Norwegian, and Native mixed entertainer is one talented lady. If you haven't seen Nikki's name in lights then you will soon. Check out her twitter for her next act!

QUEEN OF OUR HEARTS

How did you get into modeling?

I had a friend help me make a Model Mayhem account which is a website that allows you to book your own work.

Does your family approve of porn?

Not really but they love and accept me for who I am.

What type of content do you like to shoot?

Recently I enjoyed shooting arty porn! I've been shooting a lot of my own content. Other than that I enjoy girl/girl, boy/girl, and definitely want threesome stuff like bbg and ggb.

What do you like about being an independent adult modeling? I guess being independent definitely has its perks. Being able to book my own work and make my own schedule is pretty awesome.

Are you currently dancing or every been a dancer? On occasion yes I dance at a club called Skin in Culver City. I also sometimes Dance at Spearmint Rhino. More than anything I like to feature dance and travel.

**“They love
and accept
me for who
I am”**

Is it hard to find a partner that is accepting of your sexuality? Sometimes. I tend to attract other people who are attracted to my sexuality. I also hang out with a lot of other people in my industry who are obviously just as sexual as I am.

What excites you about being a swinger sex kitten? I love swinging. I love the idea of sharing lovers, even when I first lost my virginity it was in a group with one guy and two girls.

Do you have any naughty fantasies? Obviously... I love to be dominated but I also would like to explore more with dominating, I recently got a part-time desk job at a dominatrix dungeon. They said they would train me and if I felt comfortable I could work as a dominatrix in their dungeon.

Do you prefer women or men? Definitely men.

Are you producing your own content? Yes! A lot of it! I love having the creative freedom!

What hobbies keep you occupied? Art, clothing design, and music festivals!

Where can we find your material or link?

REAL STORIES FROM S.A.A. MEMBERS

I'd been working too hard in the studio, burning out and needed a break. So I decided to hit the strip club in Tucson, AZ called Candy Shop. I was flirting with all the girls then I saw her. She was 5'2 dark skinned latina with tattoos, curvy soft body, and long beautiful black hair. I told her to come sit on my lap and talk to me since the room was crowded there wasn't any seats left. I was getting aroused just from touching her silky soft skin which is my biggest turn on. She kept staring into my eyes telling me to kiss her so I did. It was like fireworks when off. We were kissing so passionately it was almost like we were the only ones in the room, making out in a total bliss. My erection was raging and my body was in total ecstasy. We were so hot that we couldn't hold back any longer. She pulled out my hard cock from my shorts and moved her thong to the side while sitting down on my cock. Her pussy was dripping wet so it slid in with ease. It was so intense I almost shot my load in her that very second. We made out passionately while she rode my cock in front of the whole strip club, but we were so engulfed with each other we didn't even care who was there or that we were in a crowded space.

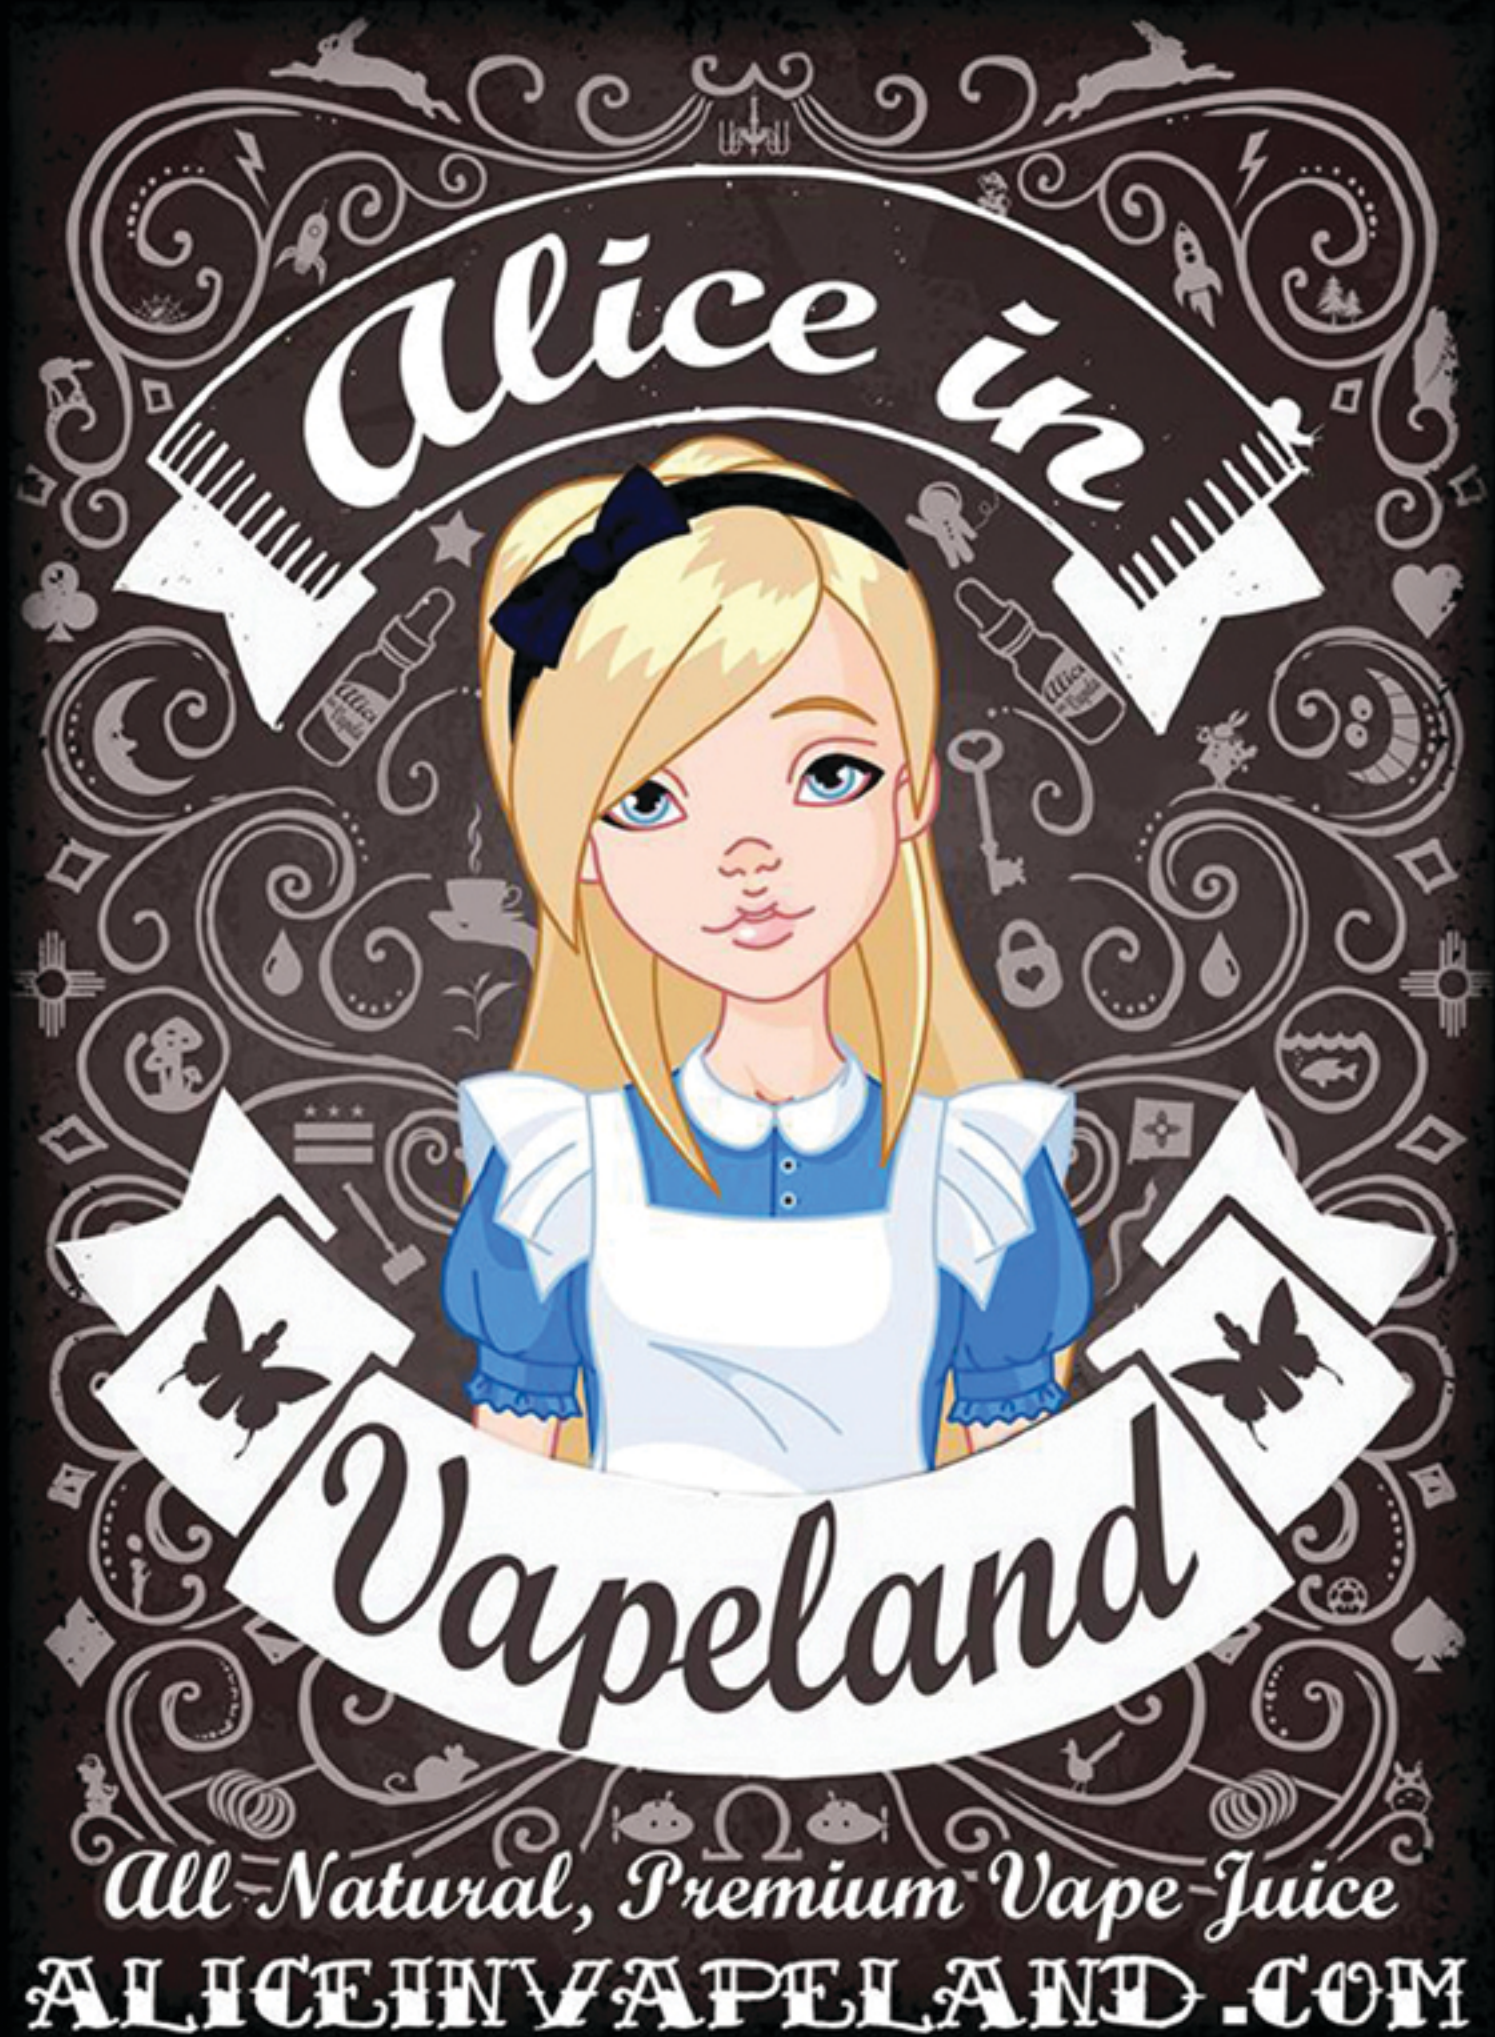

WSU

We took a break from making out and fucking each other so I asked her name. She said her name was "Rose". I was driving my van that day so I asked, "Do you want to leave?" She said, "Yes, let me put a dress on." She came out of the back, we joined hands and I led her to my van parked outside. We got in casually and then we started making out again. I pulled off her dress and, laid her down on her back, she opened her legs to let me have my way with her and I didn't hesitate to slide it in deep. I was like a raging animal fucking her good all over my van, deep, hard and passionately. She kept cumming all over my cock again and again making me harder and harder till I pulled out moved up toward her face shooting huge thick loads all over her sexy soft body. She was so hot with ecstasy she rubbed my spunk all over her smooth skin and then put my cock in to her mouth to swallow the last of it. As she laid there glistening from my man juice, all I could say was wow! I love strip club sex!

JASMINE'S REVIEW REBELLA

Expect to say, damn! This strain will leave you fucked up and feelin' good!. Bright green in color with a distinct sour aroma. Rebella lives up to its name. You get a slight sugar rush and a creative free spirit mindset from this strain. This hybrid is a cross between Sour Diesel, Cinderella 99, and gorilla glue at best is extremely potent and full-bodied. All 5 of our Judges are chronic herbal smokers and they were so high they forgot about their bills! If you smoke joints it might be hard because this has some sticky buds.
