

## **Psychology of Color**

This is an online, ongoing study group to study the Psychology of Color. Color surrounds us in everything we eat and wear, it's everywhere in nature and we use it to design and decorate our spaces. There is a much deeper meaning to color than what meets the eye. Hidden in its depths, there is so much more to color than what we see!

In this year long study, I plan to be your guide taking you on a journey of discovery and exploration, helping you to understand yourself and the world around you in a whole new way.

### **How it works:**

- We will begin each module with a meditation practice
- Modules will be 2 hours long, including discussion and teaching
- You will receive access to all materials
- You will become part of a community of like minded souls
- You learn about other aspects, like aromatherapy, angels and past lives etc.

### **What is your commitment?**

- We will begin with a year long commitment
- All classes will be via zoom
- 2nd Wednesday of every month- beginning September 9th at 9am PST

### **Cost:**

\$385 for the year
