

# Teacher Appreciation Week is May 4 – 8!

Hello Kromrey Families!

This is a message from your Kromrey PTO Board inviting you and your kids to celebrate your teachers this week.

The PTO Board is grateful for the opportunity to say “Thank You” to our teachers and administration.

We have a few themes that resonate with us and we hope they inspire you to connect directly with your teachers every day this week to show your appreciation.

- **We know that both the kids and the teachers miss being together in person -**  
The teachers miss in-person engagement with the kids as much as the kids miss in-person engagement with their teachers.
- **Thank you to our teachers for working so hard to make online learning fun and effective** - We (the kids and parents) see how hard the teachers are working to make online learning as effective as possible. We know it's a brave new world for everyone and we're all in uncharted territory. We're all experimenting with new technologies, new curriculum, and new ways of staying connected with each other. We appreciate all the creative ways that our teachers are experimenting with flexible strategies to help students do their best work under challenging circumstances.
- **We are excited to return to in-person classroom learning (as soon as it's safe)** - The energy, enthusiasm, excitement, and learning in an in-person classroom is impossible to replicate online. We appreciate that the administration and teachers are working hard to plan for a return to the classroom teaching model that we know is so essential to every unique child reaching their academic potential.

Thank you from the PTO Board, Parents, and Students
