Summer Adult Class

Plan to be in bible class this summer, starting June 1, to study the book of Isaiah. Not written entirely by Isaiah, this book spans a time period in Israel's history that sees a deportation of the northern kingdom and deportation of God's people in Jerusalem. The question is why and how will God deal with this turn of events?

Fall Adult Bible Class

Have you ever wondered what the bible says about science? Or perhaps what science and nature teach us about God? This class, taught by John Loe and others will begin with Romans 1:20 and develop the topic from there. Be prepared for some interesting discussion.

August 27 Corn Roast!

It's a tradition! At Oakhaven we move outdoors for our study and worship periods, just to show that church means God's people. And afterward, we share a meal together – so plan to join in the fun.

Bike the Friendship Trail - June 24

Starting at the Clayton School parking lot at US-76 and I-10, near where Max Banaszynski lives, we will ride along the Friendship Trail over to the Trestle Bridge. This 1,600 foot span crosses over an extra wide section of the Fox River into Menasha. The round trip, including the bridge, is just under ten miles.

Followed by a Time of Fellowship at Max's

After building up an appetite biking along the Friendship trail, we will drop in to see Max and share some light finger foods and snacks while hearing a brief devotional. Plan to sleep better that night! Time: from 3 — 6 pm.

Christian Living Workshop — November 4, 2017

Jesus said that if we want to be his disciples, we need to take up our cross and follow him daily. This sounds like putting teaching into practice; and so plan to join in a Saturday afternoon that will take us through some practical ways to make our journey with Jesus more effective!

- Complete a "Pride Checklist"
- Putting others ahead of self
- Living in a society that challenges us at every turn.

Led by several members at Oakhaven, this workshop intends to leave us with some practical guidelines that help us to walk as Jesus did...

Daniel Dinner — September 30

Have you ever wondered what Daniel might have eaten back in the days of Nebuchadnezer when he insisted on eating nothing but vegetables and drinking nothing but water? Better yet, why would he want to do such a thing when he could have eaten from the "Kings Table" — you know: meat and cheese and sweets "Oh My". Was Daniel a health aficionado or was he just trying to make some sort of statement and be a nuisance?

Plan to spend a Saturday evening eating a dinner that would have made Daniel proud. And, at the same time learn what sorts of foods were available for the Jews to choose from and what might have been a preferred menu at the very beginning.

After finding out what the "preferred menu" looked like, our very own Registered Dietitian — Gail — will offer us a glimpse of what the modern science of nutrition has to say about Daniel's food choices — or, was Daniel's stellar health just a fluke, or even a miracle...

Hanukkah Celebration — December 2

What do you do when the folks in power decide to outlaw your religion? Come and explore the origins of this Jewish holiday — a time of rededicating the temple during the Maccabean period, when Jews endure, without prophecy, while waiting for the Messiah; sample traditional foods and activities.
