August 17, 2017 — Outreach to Helping Professionals — Part 3 (PIPE)

September 21, 2017 — Outreach to the Media

We will host nine monthly PI phone workshops, January through September 2017, open to D.A. members from anywhere in the world. The purpose of each call is to review the experience, strength, and hope of D.A. members on the topic of specific sections in the pending 80-page ***Public Information Handbook for D.A. Members: Let's Share D.A.***, ensuring interested D.A. members are aware of available PI resources and how to use them. Each call will include 2 panelists and up to 45 minutes for sharing and Q&A on PI in D.A.

Unfortunately the new PI handbook was submitted too late for review and approval this year. Perhaps next year! In preparation for this cycle of phone workshops, you'll want to download the current draft (#27) of the handbook from <https://letsgrowda.wixsite.com/lets-grow-da>. It was purposely designed with lots of space for notes, so that it will be useful during the workshops and in service later on.

Please share the handbook, this flyer, and the email address above with your groups, Intergroups, and fellow members. Be sure to visit <http://debtorsanonymous.org/fellowship-services/public-information/>.
