How to Register

To register to play soccer with Surrey United SC simply click on the REGISTRATION button. You will need to create a username and password to create your account, then simply fill in the set-up and registration pages to complete your registration. The information you enter into your account will be saved so that as you register for other programs or register other children in your family down the road you will not need to re-enter all information each time. Unfortunately, the information entered into our previous registration system was not able to be transferred to the new registration system. Please ensure you keep your information up to date as this is our main resource should we need to contact you.
