

PRESS RELEASE

30 March 2012

Winton Win Two Investors Choice Awards

Winton Capital scooped two major awards at the Investors Choice European Hedge Fund Awards ceremony. The awards were announced at a hedge fund industry gala dinner and awards ceremony held at the Grand Connaught Rooms in London on March 29, 2012.

The Winton Futures Fund won both the prestigious Fund of the Year award and the Global Macro & Managed Futures Fund of the Year. These awards reflect Winton's positive performance during 2011 which proved a difficult year for the hedge fund industry and were accepted by Andrew Bastow, Winton's General Counsel and Director for Government and Regulatory Affairs

To develop a judging framework that reflected their investment criteria Investors Choice consulted with some of the most respected institutional investors in the industry. The scoring methodology incorporated a set of quantitative performance measures including annualized returns, Sharpe ratio, omega ratio, maximum drawdown, percentage positive months, and a set of qualitative criteria covering the investment process, risk management framework and the depth of the research team.
