

Things People Say about TIMAS

Quotes taken from organizations in Tennessee, Louisiana, Texas, Kentucky, Arkansas, and Oklahoma

President/CEO - Intellectual Disability Agency: "I've used TIMAS for several years and their support and training continues to be outstanding."

CARF Accreditation Surveyor (2009): "This database is state-of-the-art. It is very good for helping agencies meet national accreditation standards."

Medical Director - Developmental Medicine Center: "TIMAS has an outstanding certified electronic health record that works to meet the needs our unique long-term healthcare community. Our staff and nursing support staff love it!"

Senior Director - Intermediate Healthcare Facility: "I've used other systems, but there is nothing I've found that out-performs TIMAS. This is the best system I've seen for serving people with long-term health care needs. The integration and Medication Authorization Records are very high in quality and practical to use."

Vice President of Operations - Intellectual Disability Agency: "In 2009, our company conducted a nation-wide search for quality software that would enable us to convert from paper-driven documentation strategies to electronic. After much searching, our staff and board of directors decided upon TIMAS...In all honesty, implementing TIMAS is one of the best things that we've done to improve quality of services, decrease costs, and boost our company's competitive edge over the next 20 years! For example, we use the integrated Time Keeping system throughout our corporation, a feature has more than paid for the system in savings from human effort and efficiency."

Direct Support Professional - Intellectual Disability Agency: "I like using TIMAS because it is simple to use. I am more able to focus on the people I serve."

Director of Nursing - Intellectual Disability Agency: "The TIMAS Medication Authorization Record has helped us to greatly reduce our med errors. I highly recommend this product."

Residential Coordinator - Intellectual Disability Agency: "I've used TIMAS for several years. During that time, I've trained a lot of direct support staff to use the system. Using TIMAS has helped to greatly improve the quality of our documentation and to increase funding for services that we provide."

CEO - Intellectual Disability Agency: "Over the past 20 years, I've used several database systems. I can truly say that TIMAS is the best software product on the market for electronic documentation strategies that offer long-term healthcare supports."

Attorney - Advocate Representative: "TIMAS is the best software product I've seen for agencies who serve people with intellectual disabilities and want to transition to electronic documentation strategies."

Human Resources Director - Intellectual Disability Agency: "TIMAS has an excellent comprehensive HR Module. I'm not a computer person, but I love this product. Using this is much easier than doing the same thing with paper."

Vocational Training Director - Intellectual Disability Agency: "Going paperless with client payroll time sheets was a big help to our staff. The integration with our accounting system is also a very nice feature. I highly recommend TIMAS."
