To whom it may concern,

I have been asked to write a reference for Jon Lyddon. It's an easy task and something that I'm very happy to do. I've worked with Jon on a number of occasions, most recently in the world of regional TV commercials and corporate film making. Jon is as supportive as he is knowledgeable, in any aspect of Production - be it on-set as a Camera Assistant or as an Editor during the Post Production process. He retains an easy going nature with clients and co-workers when under pressure and clearly shows a passion for the industry whilst tackling any task with both skill and enthusiasm, despite the common industry constraints of time and budget.

As a fellow professional, I would not hesitate in recommending Jon as someone who is totally able to both fulfill and deliver.
