

How to weave a star

Cut 4 pieces of ribbon, approximately 50cm each

Fold all 4 ribbons in half together and crease tightly. Place 2 pieces of ribbon on the table and one in each of your hands

Place the ribbon in your right hand and loop it over the ribbon in your left hand to create an 'L' shape

Pick up a 3rd ribbon and loop it up over your 2nd ribbon to create a 'U' shape

Using your 4th ribbon, loop over your 3rd ribbon and pass both ends through the centre of your first ribbon. Flip your star over and place on table.

Working anti-clockwise, start by folding down one of each of the ribbons, creasing each time. With the last ribbon, fold it over and through to secure

This is the body of your star

Starting at the top right, fold your ribbon under and to the right

Fold to crease into a point

Using the same ribbon, fold down, leaving a small gap, to create a triangle

Fold the right side of the triangle over the left side and tuck the end of the ribbon into the pocket of the pink ribbon

Trim the cut end of your tucked-in ribbon

Working on every second ribbon, repeat this process: Under and to the right, crease, fold down to make a triangle, crease, fold from right to left, crease and tuck

When you have folded all the top right ribbons down, flip over your star and repeat the process on the other side

You have now completed your star!

THE
One Million Stars
to End Violence
PROJECT

Join us at another event as we create 1,000,000 stars!
