

Casey's Toys rebuild underway

28 May 2013

Rebuilding of NSW Central Coast toy institution, Casey's Toys, is well underway in Erina.

Speaking on behalf of Casey's Toys owner Howard Sher, Gary Sher told *Toy & Hobby Retailer* that reconstruction is "progressing fast and we expect to open around August or September."

"We are very excited to soon be servicing central coast community again," said Sher. "The new buildings have a very similar footprint – 1500 square metres, and the entrances have been re-designed for greater security and more efficient customer flow. The whole building will have a modern look and feel."

Sher says Casey's Hobbies will also be returning to the store and will occupy roughly the same footprint as it had previously. However, at this time it is unclear whether there will be other tenants in the complex.

Casey's Toys rebuild well underway.
