*FARM TO FARMHOUSE*

In 2009, Farmer Joe's was sadly forced to close, to make way for a new road. It was a much loved family owned produce store and for many, a community hub. My father's farm was sold when he was a boy and he talked about the farm, all of my life. My husband's family had to leave their farm in Western Queensland in the 1970's (about the time Farmer Joe's opened).

Now more than ever, we need to support our dairy farmers, our local farms and our fresh food producers.

AT FARMHOUSE we are buying from many local & regional producers & every season, we hope to add a few more farmers to our list.

Our aim is to take food from the farm to your plate, with the least amount of fuss in between....  
This is your FARMHOUSE in Kedron. Please tell us what you would like, what pleases you and what you are hoping for....
