

ADDING GUEST PLAYERS TO YOUR ROSTER IN GOTSOCCER

Events using GotSoccer can allow players looking for a team to sign up to the Guest Player Pool. The Player logs into their player account and clicks on the EVENTS link and searches for the tournament in question. Once they locate it they will register as a guest player for the event. Once registered with the event the players are listed in the **Guest Player Pool**.

Please note - you must be ACCEPTED to the event before you can add guest players to your roster. If your application has not been accepted you will not be able to add guest players.

DO NOT CREATE A NEW PLAYER ACCOUNT FOR GUEST PLAYERS.

HOW DO PLAYERS ADD THEMSELVES TO GOTSOCCKER ?

Players can register to Guest Play at other events using GotSoccer software. If it's a college showcase, the player profile will be automatically attached to the team guesting for, and dropped from their roster as soon as the event is completed.

This allows the guest player to be clearly identified by college coaches. They will see their player profile.
