

The California Farm Service Agency (FSA) wants to remind farmers and ranchers across the state of federal farm program benefits that may be available to help eligible producers recover from recent heavy rains and flooding. FSA also offers disaster assistance and low-interest loan programs to assist agricultural producers in their recovery efforts following floods or similar qualifying natural disasters.

Please help us spread the word to all our affected farmers and ranchers.

For more information on the disaster assistance programs please visit:

https://www.fsa.usda.gov/state-offices/California/news-releases/2019/stnr_ca_20190215_rel001
