

Hi Folks,

We hope things are well with you all and that you are anticipating a wonderful Passover/UB season ahead.

We are enduring a never ending Nor'easter here in Kendall with snow piling up to its usual excessive amounts for such an event.

We have two pieces of information for you.

We have received a lot of emails about the current state of the barley crop. As well as many questions surrounding the start of the year. As most of you know from past experience we are not going to tell anyone when they are to keep the appointed times of meeting with the Father and the Son.

With that said, we can tell you the barley is on course as we reported on and had anticipated. By the end of this month there will be large amounts of Lev 2:14 qualifying barley. That is from acceptable fields and not goat grass. By wave sheaf day, which is April 16th for Linda and I, there will be a lot of kernel ready grain for harvest and grinding in all 3 regions.

This past week the first of the white stork flight started. This migration will intensify for the next 2 weeks and then taper off for another 2 weeks. Right on time!

Hopefully that will answer any of the lingering questions you may have.

Linda and I are sponsoring a Passover/UB feast site with 6 other families in Sunriver Oregon, which is just south of Bend. <http://sunriverlodging.com/sunriver-meeting-facilities/>

We will be meeting at the Crescent (imagine that!) Room at 57250 Overlook Rd in Sunriver. We have secured the space for fellowship and Bible studies. There is all kinds of housing available in the area from hotel/motel rooms and condo's to small, as well as spacious houses.

We are anticipating a wonderful time together. Please let us know if you would be interested in attending and need any more information.

We saw where Peter had a lot of sites listed for the Passover/UB season. <http://www.7th-day.info/Pages/fub.aspx>

Thank you to all of you who have labored to provide these sites for the body. In an age where the love of many is waxing cold it is a delight to see more and more coming forward who have love for one another.

Brian and Linda
