### **WHAT IS MAINSTREET OCEANSIDE?**

MainStreet Oceanside had its beginnings as the Downtown Business Association (DBA), formed in the early 1990's as a loosely organized group of businesspeople who met on a regular basis to discuss common concerns. By the end of the decade, as business conditions improved, the group decided to elevate the DBA to a more organized approach to downtown issues, so MainStreet Oceanside was formed in July 2000 as a Certified Main Street Program.

### **OUR MISSION STATEMENT**

Oceanside Main Street should be a pedestrian friendly community with unique and exciting attractions including both daytime and evening activities for residents and visitors alike.
