- ✓ Dark Green Color
- ✓ Great Establishment

Seeding Rates:

Permanent Turf:
7-8lbs./1,000 square feet

Overseeding Permanent Turf:
3-4lbs./1,000 square feet

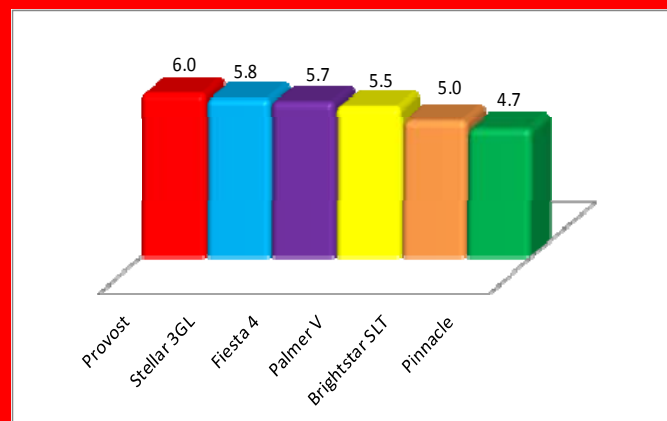

Overseeding Warm Season Turf:
10-20lbs./1,000 square feet

Provost (PPG PR-143) is a great all purpose perennial ryegrass with dark green color, good density, excellent disease resistance and good wear tolerance. **Provost** earned high turf quality ratings in NTEP's transition region trial.

Provost has shown great wear tolerance in NTEP's traffic stress trial making it a great choice for areas with high use and heavy traffic.

Provost has good disease resistance to Crown Rust, Red Thread, Brown Patch and Gray Leaf Spot.

Provost is suited for sod production, golf courses, lawns, parks, and commercial properties. **Provost** also does well in drought conditions.
