### **SECTION 3 HIRING**

Kareem Brantley, *Related Urban* [See: Section 3 PDF]

Section 3 is a Federal [HUD] program that fosters economic development by permitting preference in hiring. First preference is given to individuals who live in public housing and who have low to very-low incomes. Handouts on the program, including the forms that need to be completed, are available at the front of the room. After the meeting, MDC PHCD staff will be available for consultation and for assistance with filling out forms. Everyone, even Liberty Square public housing residents, needs to complete an application.

### **COMMUNITY QUESTIONS | COMMENTS | RESPONSES:**

**Q.** Thank you to Mrs. Wilson for bringing the application that I requested. Who is going to be eligible for the *Employ Miami-Dade* program? Will people with disabilities qualify for funding? Does the program pay for child care services as well?

**Q.** I babysit for my grandson all day. Is there an option for me? I'd like to go to the program but my daughter works, and I take care of my grandson.

**R:** Students registered in the program can leave their children at NANA. Childcare is available at \$9/month for the entire duration of the program.

**R.** Mr. Jones notes that he is available to questions and offers his telephone number. A resident stands up and says that men in the community must become more involved.

**Q.** My son is 20 years old, an adult, and is currently in High School. I want to know if he qualifies for the program? I am worried that doors will not open for him.

**A.** Yes, he qualifies.

**Q.** When is the beginning of redevelopment (construction)?

**R.** Not sure of exact date for the demolition and reconstruction process, but as soon as possible. A HUD review is currently in process.

**Q.** Are people going to start moving next week?

**R.** Yes, we will rehabilitate units and move families in phases. Those who live in the first area to be demolished will be moved first. Construction related to rehabilitation of existing units has already begun. The first group of units will be available as soon as next week.

The redevelopment has been in process for a while. The drawings we have shared at these meetings are part of the redevelopment process. The meetings themselves are also part of the process. After the meetings conclude, detailed construction drawings will be completed and sent for approvals.

**Q.** I want to know whether there will be special outreach efforts to ensure that the new proposed retail spaces will be filled with Black businesses?

**R.** Yes, there will be outreach sessions. The Miami-Dade Chamber hosted one last week.

**Q:** Will there be buildings or areas that we could name after important people in our community? For example, could a building be named after the man who owned the first dry-cleaning business here and employed many people from the community?

**A:** There will be further conversation on that subject. We want the community to give input.
